Attendees: Eddie Kiernan Wei Jiang Helen Garabedian Amber Perillo Estelle Girard
Justice Asamonye

Attached files: 📎 11.07.23 Group Meeting Minutes 📎 11.14.2023 Group Meeting Minutes

General Notes:

- On track with a semi-working basic application. Need to still clean up and test functionality as well as get some core aspects working, such as the PDFviewer.

Accomplished Last Week:

- Functioning Login/Registration pages (Eddie)
- Functioning Login/Registration api routes (Amber)
- Upload PDF partial (Estelle)
- Implemented the PDF Viewer partial (Amber)
- Create api route for getting the max number of pages for a given pdf (Eddie)
- Wrote api routes in the message.js file (Eddie)
- Implement partials in the app.ejs page (Eddie)
- Worked on CSS Style guide (Helen)
- Completed the chat component (Wei)/(Justice)
- Provided routes for downloading and uploading PDF to google cloud (Wei)
- Completed the routes for generating summaries and getting chat completions from Google's VertexAI (Wei)

Goal for next week:

- Fix the PDF display and check button functionality (Amber)
- Create data table and necessary routes for storing PDF info for a given user (Eddie)
- Work of history.ejs page (Eddie/Estelle)
- Continue working on style guide. (Helen)
- Make page easier to navigate (Helen/Estelle)
- Fix margins and buttons (Estelle)
- Make settings page (Justice)

Reach Goal:

- Styling (Scaling Issues)
- Test Cases

Upcoming Meetings:

- Thursday 11/30 in recitation
- Tuesday 12/5 at 4:00PM in ECOT 832
